Valentine's update to Bejeweled Blitz brings the following features: Heart Stone Rare Gem: This new rare gem replaces part of the red gem with the liver, which explodes in heart-shaped patterns and increases scoring potential with multiple effects. New startboard: Each game now starts with a unique patterned game board. You can experiment with the first steps to see how the cattle falls and develop startup strategies for different game boards. Free coin: After playing a Heart Stone gem, tap one of the nine hearts that appear. Love-hit players can win up to 70,000 coins from Blitz Bejeweled's cup. Bejeweled Blitz is ideal for Candy Crush Saga fans, puzzle games in general, and bright, latched things. Bingo PartyLand from DeNA one of the most popular easy-to-use Bingo games around, Bingo PartyLand lets players compete with friends and enemies from all over the world. GI JOE: Battleground from DeNA The boys can celebrate Valentine's Day with this game based on the classic G.I. JOE treasures and toy lines. Gather, train, and install your own squad of hero Joes or death cobras. Engage in card battles against computers and other players. The art of cards portrayed by comic and action artist G.I. JOE's real Show When the Worlds Collide runs until February 19: Engage in an alternate world where nothing can happen will steeper and baroness seek love together or be drawn other than by their war side? Hell: Saman from DeNA May experience collecting more macabre cards needed to overcome the fragile heart of Valentine's Day. Hellfire lets players collect beautifully depicted fantasy-themed cards and battle against the AI or other players. Real battles have a unique interactive element: players roll stones at targets in a fashion similar to skeeball. Events Walking through February 17: Valentinus has fallen in love with a genuine girl, but her father dismissed their love for their family's wealth differences. Catch all Nymphs Love in to help Valentinus marry the girl of her dreams! Card games, skeeball, and monsters go surprisingly well together. Government Age from GREE The only city building game in our holiday round came from GREE. Players will start with small settlements and build them into a broad government. To make things more interesting, you can also continue with an RPG-style search where you explore dungeons and fight monsters. With three different classes to play, hundreds of searches, and the battle of PvP, the Kingdom Age offers deeper than the average urban builder. Star Crossed Lovers event runs through February 17: The effort was inspired by a real couple who met in the game and eventually moved to live together. Complete this three-quest chain to get special edition rewards craved: Kay and Sheera, Dark Strider Heroes (a custom avatar of the aforementioned pair) offering alliance attacks +3%. We can't all expect romance from the Kingdom Age, but the social elements of the game are appreciated. The Monster match from DeNA Collecting and raising a team of monsters is quite enjoyable on its own. But throw colorful puzzle games into the mix and be careful. The Monster match allows players to explore dungeons and complete missions to find new monsters. The real battle involves matching gem puzzle games, unlike puzzles and dragons or Quest Puzzles. With the recently packed Parol Trap event, the Valentine's event now runs until February 19: Toucan voodoo rates a beautiful goose to be in vain and turn it into an ugly duck. Complete the occasion to teach a true love goof and go back to the right shape! Monster Matches are cute and inviting, but sometimes you have to wait until your stamina recharge continues to be played. Word Science from WildTangent Studios To clear the palate of your Valentine's game, only a word game will do. These letters zoom in on the four-lane conveyor belt, and you must arrange them to form words before time runs out. Use power-ups or form longer words to increase the score to prove the hypothesis that you are the best word game player around. Valentine's Celebration: Build words involving love science and Valentine's Day celebrations. Add one part English and one part science and the result is a smart word game.
